

**WHAT:**

# The ABCs of Water

**THEME:**

**How Does Septage Affect  
Groundwater Quality in Joshua  
Tree and Warren Basins?**

**WHEN:**

**Thursday  
November 18, 2010**

SESSION TIME:  
5:30 – 7:00 PM

**WHERE:**

Joshua Tree Community Center  
6171 Sunburst Road  
Joshua Tree, California

**WHY:**

In Joshua Tree, our water comes from underground aquifers.  
Are septic systems affecting our water quality?  
The United States Geological Survey recently completed a  
multi-year study to answer this question, and others.  
The results of the study will help guide the District in maintaining  
water quality and planning for our future water supply.

**WHO:**

Speakers for this session are Scientists  
from United States Geological Survey

**HOW:**

To register, or for more information, please call  
Marie Salsberry at (760) 366-8438, or email [jbwd@jbwd.com](mailto:jbwd@jbwd.com).  
The deadline to RSVP is November 17, 2010.
